

School Advisory Council

The Zellwood School Advisory Committee is made up of a combination of parents, community leaders and school personnel. The SAC committee attempts to have a balanced representation of ethnicity and socio-economic status. All parents are encouraged and invited to attend SAC meetings. Participation is documented in meeting minutes. The SAC committee meets monthly to discuss, plan and evaluate activities, provide school updates and gather parental and community input.

“Zellwood Elementary School will be the finest school in Orange County where children build relationships, value others and demonstrate the academic skills to succeed.”

What is a Parent Family Engagement Plan or PFEP?

Parent Family Engagement Plan or PFEP is a plan to assist in building parental engagement at your school Zellwood Elementary. Parental engagement is evident in many different areas. Parental Involvement at home includes: responding to school requests, helping with homework, providing study time, and maintaining high expectations for your child's achievement in school. Involvement in schools entails communication with teachers, attending school functions, volunteering to help with activities, serving on school volunteer boards such as PTA or SAC, and helping with fundraising. Parental Involvement also plays a role in the community in ways such as advocating for your school, supporting educational policies and bonds, and taking active roles in planning, developing, and governing education at the community level. Zellwood Elementary encourages parental involvement at all levels. To learn how you may become more involved please contact your child's teacher.

Additionally each morning Monday evening our Media Center is open from 4-7pm for families to check out books, participate in our online educational programs, or even browse the internet. We encourage parents to open their own media account so they can check out books to read with their child at home.
